# Introducing Xcell Privacy Screens & Gates

The most adaptable screen and gate system available in Australia. When it comes to flexibility, nothing comes close to Xcell Privacy Screens & Gates.

Equipped with a unique and customisable slat system, this leading range of screens and gates is the next generation in security products – and a giant leap forward from the generic ‘slotted’ systems currently used in many Australian homes.

As a result, it means you now have the flexibility to choose almost any size of privacy screen or gate, and whatever slat spacing you prefer.

## So many ways to Xcell

One of the biggest advantages of the Xcell range is that it can be used to provide privacy and security for a range of scenarios around the home. This includes:

- **Brick Pier Infills**  
The ideal product for pier infills adding modern style and privacy.
- **Fencing and gates**  
Ensuring your home stays secure and feels even more private
- **Deck and/or balcony areas**  
So you can relax and enjoy complete privacy when you're outside
- **Utility covers**  
Ideal for storing pool filter boxes, bins, air conditioning units and/or gas bottles
- **Carports and patio enclosures**  
Protecting you and your car from the elements
- **Window screens**  
Offering privacy from neighbouring houses and the sun outside

## Choose Xcell – and get the privacy screen that's right for you

Our Xcell range comes with a range of features and options, so you can customise your screen and/or gate to suit your needs.

## Pick your favourite colour

Whatever your personal style is, we can bring it to life. We powdercoat screens to any colour, with Wood Effect also available.

## Space your slats however you like

Using a uniquely flexible slat spacing system, the Xcell range allows you to create the look that works best for you and your home.

*Slat and post dimensions are the following:*

Slat – 65mm x 16mm, 44mm for the privacy screen post and 50mm for the gate frame. Gate posts are also 50mm.

## Get peace of mind with one of the toughest products around

All Xcell screens and gates are built to last – and are engineered with superior strength components.

### **Rigorous testing**

All specs in the Xcell range are built to meet the most stringent product testing.

### **Reinforced screwed fixing**

Ensuring your Xcell product stays secure, withstands the elements and offers an extended life cycle.

### **Superior workmanship**

Our high performance gate system is made with quality hinges and comes with a choice of key and locking options.

### **Our Guarantee**

Xcell Privacy Screens & Gates set the standard of quality. We're so confident in our product; customers receive an 11-year warranty. Enjoy the ultimate peace of mind.

### **All at a price you'll like**

It's our mission to ensure the Xcell brand is accessible to as many Australians as possible. That's why we've worked hard to make all products within the range competitively priced.
